

SMP/SMPM Connectors and Cable Assemblies for Semiconductor Test Systems

SMP/SMPM Connectors and Cable Assemblies for Semiconductor Test Systems

Withwave provide customers with **SMP/SMPM connectors and Cable Assemblies for Semiconductor Test Systems** such as ATE(Automated Test Equipment). Various cable lengths and connector shapes are available according to customer requirements.

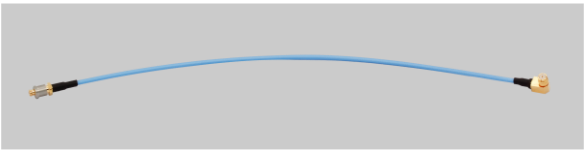

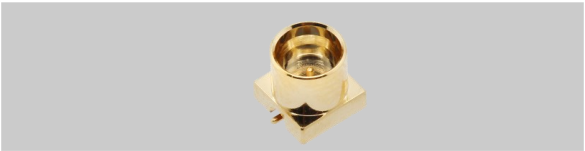

Features

- SMP & SMPM type
- DC to 26.5 & 40 GHz
- Flexible RF Cable (FX047)

Application

- Semiconductor ATE Test boards
- ATE Test Fixtures
- Interface Boards

Product	Part No	Description
	FX047-PF9PF10-XX (XX: mm)	SMPM(F) to SMP Right Angle(F) Cable Assembly
	FX047-PF8PM7-XX (XX: mm)	SMP(F) to SMP Right Angle(M) Cable Assembly
	SM05MS001 (Smooth Bore) SM05MS002 (Full Detent)	SMP Connector (Vertical Type)
	EL05MS001 (Smooth Bore) EL05MS002 (Full Detent)	SMP Connector (Edge Mount Type)
	ST17MS003 (Smooth Bore) ST17MS001 (Full Detent)	SMPM Connector (Vertical Type)
